1. Legal framework

1.1. This policy has due regard to legislation, including, but not limited to, the following:

- The General Data Protection Regulation (GDPR)
- Data Protection Act 2018
- The Freedom of Information Act 2000
- The Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations 2004
- The School Standards and Framework Act 1998
- The Children Act 1989
- The Children Act 2004
- The Equality Act 2010

1.2. This policy has been created regarding the following guidance:

- Information Commissioner's Office (2017) 'Overview of the General Data Protection Regulation (GDPR)'
- Information Commissioner's Office (2017) 'Preparing for the General Data Protection Regulation (GDPR) 12 steps to take now'

1.3. This policy also has due regard to the academy policies, including, but not limited to, the following:

- Child Protection and Safeguarding Policy, May 2018
- Special Educational Needs and Disabilities (SEND) Policy, Nov 2017
- Behaviour for Learning Policy, Nov 2017
- Data Protection and Freedom of Information Policy, v1.1 May 2018

For the purpose of this policy:

1.4. "Personal use" of photography and videos is defined as the use of cameras (or similar device) to take photographs and recordings of children by relatives, friends or known individuals, e.g. a parent taking a group photograph of their child and their friends at an academy event. These photographs and videos are only for personal use by the individual taking the photograph and are not intended to be passed on to unknown sources.

1.5. "Official academy use" is defined as photography and videos which are used for academy purposes, e.g. for building passes or for upload to the academy website. These photographs are likely to be stored electronically alongside other personal data. The principles of the GDPR apply to photographs and videos taken for official OAT use.

1.6. "Media/social use" is defined as photography and videos which are intended for a wide audience, e.g. photographs of children taken for a local newspaper. In line with relevant data protection laws, the principles of the GDPR apply to photographs and videos taken for media/social use.

- 1.7. Staff may also take photos and videos of pupils for “educational purposes”. These are not intended for ‘official academy use’, but may be used for a variety of reasons, such as displays, special events, assessment, workbooks or other activities directly linked with the education of pupils. In line with relevant data protection laws, the principles of the GDPR apply to photographs and videos taken for educational purposes.

2. Roles and responsibilities

2.1. The principal is responsible for:

- Submitting consent forms to parents/carers when a child starts the academy (at Year 7 or another year group) with regards to photographs and videos being taken and used whilst at the academy, while on education visits/trips etc.
- Ensuring consent is stored on a register of responses and maintained so it is accurate at all times.
- Ensuring that all photographs and videos are stored securely and disposed of correctly, in line with relevant data protection laws.
- Deciding whether parents/carers are permitted to take photographs and videos during academy events.
- Communicating this policy to all the relevant staff members and the wider school community, such as parents/carers.

2.2. The Designated Safeguarding Lead (DSL) is responsible for:

- Liaising with social workers to gain consent for photography and videos of Looked After Children (LAC) pupils.
- Liaising with the academy Data Protection Lead (DPL), to ensure there are no data protection breaches.
- Informing the principal of any known changes to a pupils’ security and safeguarding, e.g. child protection concerns, which would mean that participating in photography and video recordings would put them at significant risk.

2.3. Parents/carers are responsible for:

- Completing the *Consent Form* when their child joins/starts at the academy.
- Informing the academy in writing where there are any changes to their consent.
- Informing the academy if they would like to withdraw consent.
- Acting in accordance with this policy.

2.4. In accordance with the academy’s requirements to have a DPL, the DPL is responsible for:

- Informing and advising the academy and its employees about their obligations to comply with GDPR in relation to photographs and videos at the academy.
- Monitoring the academy’s compliance with GDPR with regards to processing photographs and videos.
- Advising on data protection impact assessments in relation to photographs and videos at the academy.

- Liaising with the OAT Data Protection Officer (DPO).
- Conducting internal audits, with regards to the academy's procedures for obtaining, processing and using photographs and videos.
- Providing the required training to staff members, in relation to how the GDPR impacts photographs and videos at academy.

3. Consent

- 3.1. The academy understands that consent must be a positive indication. It cannot be inferred from silence, inactivity or pre-ticked boxes.
- 3.2. Consent will only be accepted where it is freely given, specific, informed and an unambiguous indication of the individual's wishes.
- 3.3. Where consent is given, a record will be kept documenting how and when consent was given and last updated.
- 3.4. The academy ensures that consent mechanisms meet the standards of GDPR. Where the standard of consent cannot be met, an alternative legal basis for processing the data will be found, or the processing will cease.
- 3.5. When a pupil joins the academy prior to the age of 13, the pupil and their parents/carers will be asked to complete the Consent Form, this will determine whether or not the pupil is allowed to participate in photographs and videos.
- 3.6. When a pupil reaches the age of 13, the consent given when they first joined will continue to be used, unless the child now wishes to be exclusively responsible for their own consent, in which case the consent form will need to be resigned by the pupil alone, unless there is a valid reason why this should not be granted.
- 3.7. The Consent Form will be valid for the duration of a pupil's time at the academy and for a period of two years after they have left school, unless the pupil's circumstances change in any way, e.g. if their parents/carers separate, or consent is withdrawn. Additional consent forms will be required if the pupil's circumstances change.
- 3.8. If there is a disagreement over consent, or if a parent/carer does not respond to a consent request, it will be treated as if consent has not been given, and photographs and videos will not be taken or published of the pupils whose parents/carers have not consented.
- 3.9. All parents/carers are entitled to withdraw or change their consent at any time.
- 3.10. Parents/carers will be required to confirm on the *Consent Form*, in writing, that they will notify the academy if their child's circumstances change in any way, or if they wish to withdraw their consent.
- 3.11. For any LAC pupils, or pupils who are adopted, the *DSL* will liaise with the pupils' social worker, carers or adoptive parents to establish where consent should be sought. Consideration will be

given as to whether identification of a LAC pupils or pupils who are adopted, would risk their security in any way.

- 3.12. Consideration will also be given to any pupil for whom child protection concerns have been raised. Should the *DSL* believe that taking and using photographs and videos of any pupils would put their security at further risk, greater care will be taken towards protecting their identity.
- 3.13. A list of all the names of pupils for whom consent was not given will be created by the *DPL* and will be circulated to staff members where appropriate. This list will be kept secure on an appropriate secure academy management storage system.
- 3.14. If any parent/carer withdraws or changes their consent, or the *DSL* reports any changes to a pupils' security risk, or there are any other changes to consent, the list will also be updated and re-circulated.

4. General procedures

- 4.1. Photographs and videos of pupils will be carefully planned before any activity.
- 4.2. The *DPL* will be made aware of the planning of any events where photographs and videos will be taken at the academy.
- 4.3. Where photographs and videos will involve LAC, adopted pupils, or pupils for whom there are security and safeguarding concerns, the principal will liaise with the *DSL* to determine the steps involved.
- 4.4. When organising photography and videos of pupils, the principal, as well as any other staff members involved, will consider the following:
 - Can general shots of classrooms or group activities, rather than individual shots of pupils, be used to fulfil the same purpose?
 - Could the camera angle be altered in any way to avoid pupils being identified?
 - Will pupils be suitably dressed to be photographed and videoed?
 - Will pupils of different ethnic backgrounds and abilities be included within the photographs or videos, to support diversity?
 - Would it be appropriate to edit the photographs or videos in any way? For example, would it be appropriate to remove any branding (e.g. academy logo on the uniform) which may identify pupils?
 - Are the photographs and videos of the pupils completely necessary, or could alternative methods be used for the same purpose? For example, could an article be illustrated by pupils' work rather than photographs or videos?
- 4.5. The list of all pupils of whom photographs and videos must not be taken will be checked prior to the activity. Only pupils for whom consent has been given will be able to participate.

- 4.6. The staff members involved, alongside the principal and DPL, will liaise with the DSL if any LAC, adopted pupils, or pupils for whom there are safeguarding concerns are involved (see section 5 of this policy).
- 4.7. Only approved academy/OAT photographers and videographers will be given permission to take photographs and/or film, and used as per this policy and consent.
- 4.8. Academy/OAT owned or agreed professional photographer's equipment will be used to take photographs and videos of pupils. Exceptions to this are outlined in section 7 of this policy.
- 4.9. Staff will ensure that all pupils are suitably dressed before taking any photographs or videos.
- 4.10. Where possible, staff will avoid identifying pupils, the full name of a pupil will not be displayed alongside a photograph or video, unless permission is sought and given. However, if names are required, only first names will be used, if appropriate to do so.
- 4.11. The academy will not use photographs or footage of any pupil who is subject to a court order.
- 4.12. The academy may continue to use photographs and videos for the duration of pupils' time/education at the academy (e.g. from Reception to Year 6, or Years 7 to 11) and for a period of two years after they have left the academy, ensuring parental/carer consent has been given.
- 4.13. Photographs and videos that may cause any distress, upset or embarrassment will not be used.
- 4.14. Any concern relating to inappropriate or intrusive photography or publication of content is to be reported to the DPL.

5. Additional safeguarding procedures

- 5.1. The academy understands that certain circumstances may put a pupils security at greater risk and, thus, may mean extra precautions are required to protect their identity.
- 5.2. The DSL will, in known cases of a pupil who is a LAC or who has been adopted, liaise with the pupil's social worker, carers or adoptive parents to assess the needs and risks associated with the pupil.
- 5.3. Any measures required will be determined between the DSL, social worker, carers, DPL and adoptive parents with a view to minimise any impact on the pupil's day-to-day life. The measures implemented will be one of the following:
 - Photographs and videos can be taken as per usual academy procedures.
 - Photographs and videos can be taken within academy or outside for educational purposes and official school use, e.g. on registers, but cannot be published online or in external media.
 - No photographs or videos can be taken at any time, for any purposes.

- 5.4. Any outcomes will be communicated to all staff members via a staff meeting and the list outlining which pupils are not to be involved in any videos or photographs, held in the school office (in safe and secure internal systems, such as school management information system) will be updated accordingly.

6. Academy-owned devices

- 6.1. Staff are encouraged to take photographs and videos of pupils using academy equipment; however, they may use other equipment, such as academy-owned mobile devices, where the DPL has been consulted and consent has been sought from the principal prior to the activity.
- 6.2. Where academy-owned devices are used, photographs and videos will be provided to the academy at the earliest opportunity and removed from any other devices.
- 6.3. Staff will not use their personal mobile phones, or any other personal device, to take photographs and videos of pupils unless special permission is granted by the principal or DSL. After which, photographs and videos should be removed immediately and/or stored securely after academy use e.g. social media.
- 6.4. Photographs and videos taken by staff members on academy trips/visits may be used for educational purposes, e.g. on displays or to illustrate the work of the school, social media, website and for press releases that may be used across local, regional or national media, where consent has been obtained.
- 6.5. Digital photographs and videos will be held on an appropriate secure academy data management system and are accessible to staff only, as well as photographs and videos shared with OAT, and are all stored on secure servers. Photographs and videos are stored in labelled files, annotated with the date, and are only identifiable by year group/class number - no names are associated with photographs and videos. Files will be secured appropriately, and only relevant staff members have access to view and edit photographs.

7. Use of a professional photographer

- 7.1. If the academy or OAT decides to use a professional photographer for official photographs, videos and events, the principal or lead will:
- Provide a clear brief and schedule for the photographer/videographer about what is considered appropriate, in terms of both content and behaviour.
 - Issue the photographer with identification, which must be worn at all times.
 - Let pupils and parents/carers know that a photographer will be in attendance at an event and ensure they have previously provided consent to both the taking and publication of videos or photographs.
 - Not allow unsupervised access to pupils or one-to-one photo sessions at events etc unless the photographer has the correct DBS for OAT/academy use.

- Communicate to the photographer/videographer that the material may only be used for the academy's or OAT's own purposes and that permission has not been given to use the photographs for any other purpose.
- Communicate to the photographer/videographer that the academy/OAT will own the copyright for all materials taken.
- Ensure the photographer/videographer share any photographs and videos via secure transfer platforms for downloading.
- Ensure that the photographer will comply with the requirements set out in GDPR.
- Ensure that if another individual, such as a parent/carer or governor, is nominated to be the photographer, they are clear that the photographs or videos are not used for anything other than the purpose indicated by the academy, and the photographs and videos are then used/filed and disposed of in line with this policy.

8. Permissible photography and videos during academy events

8.1. If the principal permits parents/carers to take photographs or videos during an academy event, parents/carers will:

- Remain seated while taking photographs or videos during concerts, performances and other events.
- Minimise the use of flash photography during performances.
- In the case of all academy events, make the focus of any photographs or videos their own children.
- Avoid disturbing others in the audience or distracting pupils when taking photographs or recording video.
- Ensure that any photographs and recordings taken at academy events are exclusively for personal use. Parents/carers are discouraged from uploading photographs and videos to the internet, posting photographs and videos on social networking sites or openly sharing them in other ways. It must be made clear that no pupils should be named, so they can be identified unless permission is sought via the parent/carer.
- Refrain from taking further photographs and/or videos if and when requested to do so by academy staff.

9. Storage and retention

9.1. Photographs obtained by the academy will not be kept for longer than necessary. Photographs and videos will be kept for a period of two years after they have left school, unless the pupil's circumstances change in any way, e.g. if their parents/carers separate, or consent is withdrawn. Additional consent forms will be required if the pupil's circumstances change. Additional permission will be sought if required for a longer period e.g. alumni.

- 9.2. Digital photographs and videos held on the academy's drive are accessible to staff only, as well as photographs and videos shared with OAT, and are all stored on secure servers. Photographs and videos are stored in labelled files, annotated with the date, and are only identifiable by year group/class number - no names are associated with photographs and videos. Files will be secured appropriately, and only relevant staff members have access to view and edit photographs
- 9.3. Paper documents will be shredded or pulped, and electronic memories scrubbed clean or destroyed, once the data should no longer be retained.
- 9.4. Hard copies of photographs and video recordings held by the academy will be annotated with the date on which they were taken and will be stored in the school office. They will not be used other than for their original purpose, unless permission is sought from the principal and parents/carers of the pupils involved, and the DPO has been consulted.
- 9.5. The DPL or other will review stored photographs (working with the academy and OAT) and videos on a termly/yearly basis to ensure that all unwanted material has been deleted. Approved photographs and videos will only be stored for maximum of three years from the date produced.
- 9.6. Parents/carers must inform the academy in writing where they wish to withdraw or change their consent. If they do so, any related photography and videos involving their children will be removed from the academy/OAT secure drives immediately.
- 9.7. When a parent/carer withdraws consent, it will not affect the use of any photographs or videos for which consent had already been obtained. However, photographs and videos will be removed where possible. Withdrawal of consent will only affect further processing.
- 9.8. Where a pupil's security/safeguarding risk has changed, the DSL will inform the principal immediately. If required, any related photographs and videos involving the pupil will be removed from the academy/OAT secure drives immediately. Hard copies will be removed by returning to their parents/carers or by shredding, as appropriate.
- 9.9. Official academy pupil identification photos are held on an appropriate secure academy data management storage system, alongside other personal information and are retained for the length of the pupils' attendance at the academy, and for a period of two years after they have left the academy, or longer if necessary, e.g. due to a police investigation.
- 9.10. Some educational records relating to former pupils of the academy may be kept for an extended period for legal reasons, but also to enable the provision of references or academic transcripts.

10. Monitoring and review

- 10.1. This policy will be reviewed on an annual basis by OAT, the principal and the DPL. The next scheduled review date for this policy is shown on the front cover.

10.2. Any changes to this policy will be communicated to all staff members and, where appropriate, parents/carers.
